About our February Meeting Speaker

Roosevelt (Rosie) Scott is the owner of Triple Threat Solutions, a firearms marksmanship training company. He started his personal protection journey while serving in the U.S. Marine Corps; Ooo-Rah! During his tenure in the Marines, Roosevelt taught everything from small arms (handguns) to heavy machine guns. While in the Marines, Roosevelt continued his training in personal protection, as part of a Special Response Team (SRT), who provided security for executives of the U.S. Department of Energy. While a member, and later team leader of the SRT, Roosevelt trained with such teams as the L.A.P.D. SWAT, British Special Air Service (S.A.S), the FBI’S Hostage Rescue Team (HRT), the Israeli Anti-terrorist Team and numerous specialized teams from all over the USA. Roosevelt is also an NRA Certified Pistol instructor and life member of the NRA.

After the September 11, 2001 massacre, Roosevelt worked with a security detail to provide protection for executives at Disney, Sony, Paramount and Warner Brother Studios and Warner Brother Records. After completing a thirteen year tour in the Marine Corps, Roosevelt settled down and went to work as a police officer at the Bakersfield Police Department. After serving 10 years on the police force, Roosevelt was medically retired due to an injury he sustained in the line of duty. He took a short hiatus and joined the Kern County District Attorney’s office as an Investigator, where he worked for 12 years. Roosevelt is a Peace Officer Standards and Training (P.O.S.T.) certified Rangemaster, and a P.O.S.T. certified Handgun, Rifle and Shotgun instructor.

In 2006, Roosevelt began offering CCW classes to employees of the Kern County District Attorney’s office, the Sheriff’s Department, Superior Court, Chief Accounting Office, Roads, Mental Health and the list just goes on. Roosevelt has also been sought out by officers of several local Law Enforcement agencies to teach CCW classes to their spouses, friends and other members of their family. One of Roosevelt’s other duties at the District Attorney’s office was Terrorism Liaison Officer (TLO). As one of the TLO’S, he networked with agencies, both public and private, who came together as one under the U.S. Department of Homeland Security to combat terrorism.
Professional Development Study Group

A group of safety professionals seeking certifications from the Board of Certified Safety Professionals (BCSP) meet at 5:30pm the second and fourth Mondays of each month with studying starting at 6:00pm. They meet at the California Safety Training Corporation (CSTC) Office [2130 Brundage Lane, Bakersfield].

Anyone can join the group at any time; this is a “go at your own pace” study group. The only purchases required are study materials and a calculator. Most participants are using TI-30XIIS.

We study from materials offered by SPAN International Training.

You can purchase the work books from: [www.spansafetyworkshops.com](http://www.spansafetyworkshops.com)

Call Mark Ruder or direct emails to [ruderml@gmail.com](mailto:ruderml@gmail.com) if you have questions on which set of books you need to purchase.

**BCSP TEST TIP:** Applications for the various certifications can be obtained at: [BCSP.org](http://BCSP.org).

Occupational Safety & Health Standards Board

The Occupational Safety & Health Standards Board (OSHSB) meeting is where California stakeholders can attend and be heard on issues relating to the current and future enforceable standards that exist to ensure the health and safety of California workers. For more information on the OSHSB, visit: [www.dir.ca.gov/oshsb](http://www.dir.ca.gov/oshsb)

CSUB Student Section Learns about Confined Space Rescue

At their January 26th meeting, the CSUB Student Section hosted Environmental Safety Solutions, a local company that provides confined space rescue services. Environmental Safety Solutions provided meeting attendees with first hand interaction with the confined space rescue process. They were kind enough to bring out equipment that they use in confined space rescue, including the fully-stocked rescue truck! The CSUB Student Section would like to thank Environmental Safety Solutions for donating their time and knowledge to our meeting. Their insight made the meeting one of a kind and we hope for meetings as successful as this in the future.

See page 6 for information about presenting at one of our upcoming Student Section meetings!

Welcome new members!

Although guests are always welcome, ASSE loves it when new members join. Here are a few recent members. If you see them at an ASSE meeting, please give them a friendly welcome.

Brandon Boren—WorklogicHR
Tony Castiglione—A3 Concepts – Sponsor Chris Vochoska
Brett Decant—Student
Kathy Embry—Stantec – Sponsor Fred Hrenchir
Mike Finch—Energy Project Solutions—Sponsor Brad Roskam
Samuel Firman—CSUB
Tim Hatton—Pro Tool Services
Rick Hernandez—CBC
John Martin—Terrachem
Elain Wakelin—Kern Machine

A thank you to our sponsors! Folks like you, who get the word out about ASSE, are the ones who really help our Chapter (and the profession) grow!

Congratulations: Membership Milestones

Congratulations to Bakersfield Chapter ASSE members Steve Coffman, Mark Predovic, and Dean LeBret who all reached safety milestones in 2015! Each of these men have reached 25 years of membership with ASSE in 2015.
Founded in 1911, ASSE is the oldest and largest professional safety organization. With more than 37,000 members worldwide, ASSE is a global association of occupational safety, health (OSH) and environmental professionals that advances the interests of its members and the profession. ASSE members create safer work environments by preventing workplace fatalities, injuries and illnesses. Safer organizations enjoy increased productivity, higher employee satisfaction and a better reputation, while recording less lost time, and lower workers’ compensation and healthcare costs. ASSE members are classified in one of six member categories: professional, member, associate, international, student and emeritus. Members also can participate in practice specialties, branches, common interest groups and local chapters.

Are your friends safety pros too?
