Due to the unusual circumstances this year, the Chapter was unable to recognize these very deserving EHS professionals at our symposium in March. We waited to see if we could do it at an in-person monthly meeting and that didn't happen either. So, it was long overdue to announce the recipients of this year's ASSP Bakersfield Rising Star, Safety Professional of the Year, and Frank Rosenlieb awards. Please help us congratulate this year's recipients as recognition for their dedication to our profession and our chapter.

ASSP/CSUB Mentoring

The CSUB Alumni Association's Runner Alumni Mentor Program (RAMP) pairs CSUB alumni and other local professionals with CSUB juniors, seniors, and graduate students who need help transitioning from school to the workforce. You can learn more about [RAMP HERE](#).

The ASSP Bakersfield Chapter is once again partnering with the CSUB RAMP mentoring program. If you can give a little of your time, please consider becoming a mentor. We will strive to partner you with a student in the Occupational Safety and Health Club at CSUB. The Alumni Association will be recruiting mentors and recruiting mentees, with the hope of making matches by the end of September.

If you are interested in becoming a mentor, please send Isabel.bravo@wonderful.com an email with your name and alumni status. Help us shape the life of a future EHS professional!
