March 3, 2020 Webinar Meeting (7:30AM)

Cynthia J. Zimmer, District Attorney, Kern County

***Changing Laws: The Reality & Consequences
on Personal Protection, Public Security and
Safety***

Cindy will discuss how laws have changed over the last decade and reflect on the consequences those changes have had on public safety and security for organizations and individuals. For example, someone who steals your company or personal automobile ten times, may potentially never spend a day in state prison. This nonpartisan presentation is focused on changes to laws; it will explain why crime is up, what type of theft is up, and why we see homelessness. If you heard her presentation a couple of years ago on gang awareness, and how it can help your organization and personal life, you know Cindy brings great insight and a perspective that you will want to hear.

The meeting will be hosted virtually. Details to be sent via email at a later date.

Contact [Catherine Jones](#) for questions regarding degree and certificate options.

Bakersfield College offers several options for an A.S. degree as well as a Certificate of Achievement. Don't be fooled by other certificate options that do not consist of accredited college units which can't transfer and don't count toward a degree. By choosing the certificate offered at Bakersfield College students will earn accredited college units. Also, students interested or enrolled in bachelor's degree programs such as CSUB or Columbia Southern can transfer BC units which helps keep the cost of the degree manageable (approx. \$47 per unit compared to over \$200 per unit). BC is a fantastic option!
